Project Name	Project - SmartFarmer -IOT Enabled smart farming application

- **MIT App Inventor** is an intuitive, visual programming environment that allows everyone even children to build fully functional apps for smartphones and tablets.

- Those new to MIT App Inventor can have a simple first app up and running in less than 30 minutes.

- And what's more, our blocks-based tool facilitates the creation of complex, high-impact apps in significantly less time than traditional programming environments.

- The MIT App Inventor project seeks to democratize software development by empowering all people, especially young people, to move from technology consumption to technology creation.
